To: Board Piedmont Heights <Board@piedmontheights.org>

Good afternoon,

We wanted to provide you with an update on our Piedmont Enhancement Project in your area. Our crews encountered difficult terrain but are making progress. We are in the process of restoring the portions of Piedmont Road south of Cheshire Bridge Road that were impacted by our work. Our crews recently began installing pipe in the intersection and will move northward. Lane closures will continue to be in place in both areas. These lane closures are for the safety of the community and our crews.

We anticipate our work will be complete in this area of Piedmont Road in Spring of next year.

If any community members contact you with questions, please encourage them to contact us via our project line (404-584-3145) or email ([PiedmontEnhancement@southernco.com](mailto:PiedmontEnhancement@southernco.com).)

Information is also available on our website [www.PiedmontEnhancementProject.com](http://www.PiedmontEnhancementProject.com) and on Twitter (@PiedmontProject.)

If your association leadership has questions, please contact me directly at the number below.

Thank you,

Alicia Young
